HENCH by Adam Beechen and Manny Bello

APR04 2239 (\$12.95)

"The book is respectful of superhero traditions without being reverential... one of the most down-to-earth superhero books on the market today." - COMICBOOKRESOURCES.COM

"It's a crappy job -- being a supervillain's flunky -- but sometimes a fella's just got to make a buck." - ENTERTAINMENT WEEKLY

"Beneath its clever premise... Beechen finds moments of black and comic strangeness and even kindness of the sort that you expect to find in an HBO series." - VARIETY

URSULA by Fabio Moon and Gabriel Ba

MAY04 2205 (\$9.95)

"Once upon a time, there was a story. A love story. Different listeners will hear different things from the love story; for some, it might be a tale of journeys and rites of passage and battles won and foes vanquished and happily-ever-after. For other listeners, it might be a story about dreams and desires, for all is simple, beautiful and magical when you're young and in love. But once upon a time... there was a story, and listen to me now: it was a love story."
